

7-Mar

08:00 - 18:02

Registration

09:00 - 09:10

Opening Remarks: Y. Tamura (Tokyo Polytechnic University)

09:10 - 09:20

Opening Speech: Y. Matsuoka on behalf of Salvano Bricero
(Director, UN/ISDR)

Invited Session 1

09:20 - 09:50

S. Kim (Korea University)

09:50 - 10:20

W. Zaw (Ministry of Construction Myanmar)

10:20 - 10:30

Coffee Break

Session 1

Urban disasters from the structural design perspective

10:30 - 10:43

7 presentations

12:01 - 13:01

Lunch Break

Invited Session 2

13:01 - 13:31

G. Solari (University of Genoa)

Session 2

Hurricane-related wind risks

13:31 - 15:02

7 presentations

15:02 - 15:12

Coffee Break

Session 3

Damage Detection Analysis using Satellite Image

15:12 - 16:04

4 presentations

16:04 - 16:14

Coffee Break

Invited Session 3

16:14 - 16:44

M.Schatzmann (The University of Hamburg)

Session 4

Challenges to couple engineering CFD and meteorological models for analyzing urban

16:44 - 18:02

6 presentations

8-Mar.

08:00 - 16:46

Registration

Session 5

Effects of Short-rise-time Gust on Structures

09:00 - 10:31

7 presentations

10:31 - 10:41

Coffee Break

Session 6

Countermeasures for the disasters

10:41 - 12:25

8 presentations

12:25 - 13:25

Lunch Break

Invited Session 4

13:25 - 13:55

K. Mehta (Texas Tech University)

13:55 - 14:25

Y. Ge (Tongji University)

14:25 - 14:55

L. Hui (Harbin Institute of Technology)

14:55 - 15:05

Coffee Break

Session 7

Tornado-related issues

15:05 - 16:36

7 presentations

16:36 - 16:46

Closing Remarks: M. Ohba (Tokyo Polytechnic University)
